Time: **10:30-11:30 & 14:45-16:00**

Room: **Stockholm**

Nepomuk Nothelfer

Nepomuk Nothelfer, Dipl.-Jur. (Univ.) is a research assistant and doctoral candidate at the Faculty of Law of the University of Augsburg. He works, researches and teaches in civil law and labor/employment law with a focus on eSports. Nepomuk is the initiator and co-founder of the Research Center for eSports Law and a lecturer in the study course eSports Management at the University of Applied Management (HAM). He also works with SKW Schwarz, a major German law firm, on various eSports-related projects.

Simon Püschel

Simon Püschel, stud. iur. is a student assistant at the Faculty of Law of the University of Augsburg. He is among the best 3% of law students in Germany and a passionate League of Legends player, being in the top 4% of players last season. In addition, he is a founding member and chairman of the esports club BroccoLee e.V.

Objective:

In order to understand the esports industry and the challenges video games, videogames themselves are fundamental. This gaming session will teach you a basic understanding of “League of Legends”, one of the most successful esports titles of all times (more than 8 million concurrent players at peak times and more than 100 million active players). You are invited to put your own skills to the test on summoner’s rift. This will help you gain a better understanding of the phenomenon and the amount of skill needed to become a professional player.

Format:

- Welcome to League of Legends!
- Interactive gaming session with max. 10 participants (walk in – walk out)
- Play and test your skills
- Chatham House rules apply for every Di² Summit Workshop and secure the high-level trustful environment
